Inspirational Quote of the Week

“Courage doesn't mean you don't get afraid.
Courage means you don't let fear stop you.”
-Bethany Hamilton

Bethany Meilani Hamilton is an American professional surfer who survived a 2003 shark attack in which her left arm was bitten off and who ultimately returned to professional surfing. She is the world's most famous surfer, less for her accomplishments on a board than for the inspiring story of her return to the sport after losing her arm. After teaching herself to surf with one arm, she returned to surfing just 26 days after being attacked and entered her first major competition. Besides surfing, Bethany travels to different schools to motivate students to live life with tenacity, faith and courage.

She has illustrated 10 children's books and exhibited her work in various shows and galleries.

Enrichment Tutorial Wednesday's

Join Mr. Aschoff at this week's Enrichment Tutorial on March 10th at 11:00 a.m. via Zoom. At his last enrichment tutorial, Mr. Aschoff introduced the basics of the stock market and how different financial systems work. This week, you'll dive even deeper into the math behind three topics: international fiscal and monetary policy, stock squeezes, and mortgages. Even if you missed the last one, you will still enjoy hearing about these historic events in mathematical context!
